Registered charity No. 274880

If you or someone you know has limited vision or trouble reading print for any reason, such as Parkinson's Disease, dyslexia or any other special need, get the Brentwood Talking Newspaper free!

The Brentwood Gazette is recorded weekly onto a memory stick and sent and returned by Freepost. A suitable play-back machine will also be provided and demonstrated to you without cost.

The recordings also include a selection of national magazine articles. A bi-monthly audio magazine with items of local interest is also provided.

This is a completely free service. All recordings are produced by volunteer readers, engineers and distributors.

Contact the Brentwood & District Talking Newspaper for more information today.
